

YOLOBOX ULTRA

The Ultimate YoloBox Experience: Everything
in One & Stream Beyond Limits

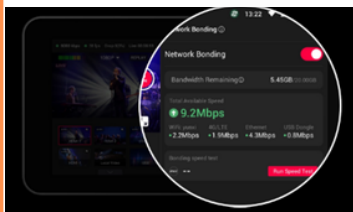

01

Versatile Input & Output, Next Level Production Flexibility

Add up to four HDMI inputs, three USB inputs, three simultaneous live IP sources (including SRT streams, RTMP streams and NDI® HX sources), or media assets (including video clips, PDFs, and images), and simultaneously output via Wi-Fi, 4G LTE or Ethernet to up to six destinations such as Facebook, YouTube, or Twitch using RTMP or SRT.

02

Mission-Critical Cellular Bonding. Three SIM Data, Five Connections.

Experience unparalleled global internet connectivity wherever you go with YoloLiv's Cellular Bonding. It can bond* up to 5 network connections across 4G LTE (1x), Wi-Fi (1x), Ethernet (1x), and USB Modems (2x) – ensuring your stream never misses a beat event over the most challenging network conditions.

03

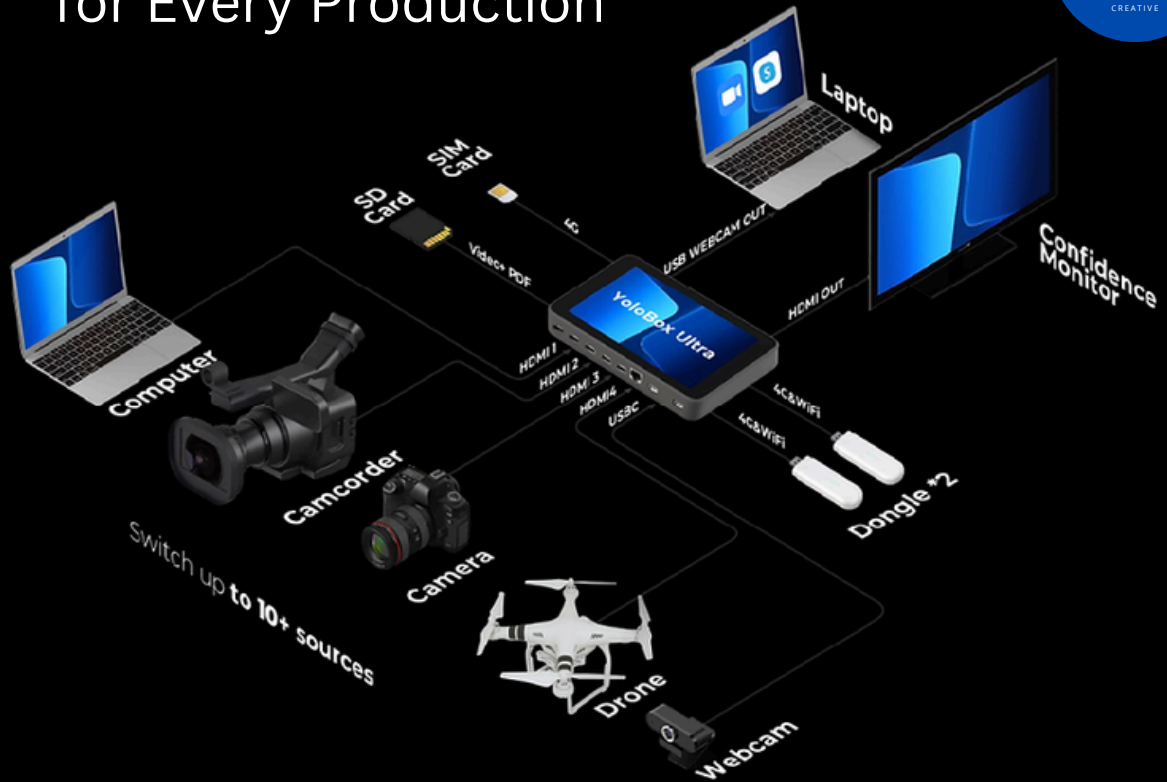

Cellular Bonding

Bond a total of 5 network connection, including 3 cellular, Wi-Fi & Ethernet.
Deliver rock-solid reliable videos to make your live stream in breakable.
